

A SWEET SIXTEEN FAIRYTALE

Once Upon A Time in a land far, far away, or very, very near depending on where you live, there was a young man and a young lady. The once young man is on the left of the picture but you might not recognize him anymore. The young lady is on the right. You will surely recognize her as she has surprisingly not changed at all.

One day an event that can only be described as magical took place. A pumpkin appeared in their midst. The man and lady were awestruck by this mirror image of Beauty. How enamoured they became. Who knew that pumpkins, yes pumpkins, could be so lovely?

As the years went by this pumpkin grew and blossomed and well, grew some more. Who knew pumpkins could be so tall? You will find her nestled between the old man and the still very, almost extremely young looking lady on the right.

Today Miss Pumpkin turns Sixteen and it is known far and wide, in kingdoms near and far, that she is as absolutely Sweet as her age. The End.
